DRAFT CONSERVATION AREA DESIGN GUIDE

SUPPLEMENTARY PLANNING DOCUMENT JULY 2017

Please come along and tell us what you think of the new draft Conservation Area Design Guide. At the drop-in session you can view the document, ask questions and provide feedback.

The document can also be viewed online and comments forms downloaded at:

Proud of our past. Energised for our future.

Copeland Borough Council is now consulting on its Draft Conservation Area Design Guide and would love to hear your views.

The guide has been produced in order to help preserve the rich heritage of the borough's conservation areas. The document focuses on maintaining the area's architectural heritage and provides advice on such things as shop fronts, advertising, windows, doors, walls, wall finishes, roofs, chimneys, rainwater goods, paint colours, lighting and frontages. When adopted as a Supplementary Planning Document, the guide will help the council when considering planning applications and will help developers and property owners to consider the possible positive and negative impacts of their proposals on a conservation area's character.

Paper copies of the document can also be viewed at Copeland Borough Council offices and local libraries.

Consultation period
9.00am Monday 10th July
