

Road repairs on Old Church Road

NuGEN have informed the Parish Council that they have asked their Contractors to make some repairs to Old Church Road. The road was used recently by NuGEN's contractors and so the company is undertaking some repair work as a good will gesture.

The work will commence on Monday 13th November and will take an estimated one week to complete. Traffic management will be in place to ensure the safety of local residents and the environment takes priority.

Land owners and affected residents have been notified by NuGEN.

NuGEN will use a local contractor to trim the verges along the length of the road, working under the supervision of NuGEN's ecologist to ensure protection for local species, repair the areas marked on the map and leave the site in a clean state.
