## **Rural Crime: Protect your Livestock & Farm Machinery:**

Grazing animals & farm machinery can be targeted by thieves at this time of the year. There are ways that you can combat this:

- Keep hedges, fences and gates in good repair to assist security and visibility.
- Be vigilant, make regular checks and encourage your neighbours to report the presence of strange vehicles. A registration number will be valuable.
- If livestock is stolen, it is important that you can give police an accurate description.
- Ear tags and horn brands can help to identify livestock.
- Select DNA, security marking. This can be purchased from your Farm Watch co-ordinator ( myself)
